

# Prescription Eyewear Procedure

## Employee Instructions

1. Obtain a 3M order/authorization form which is filled out by your department administrator/supervisor. The attached flyer indicates the package that is offered at UCR. **Any additional options such as transition or polarized lenses require supervisor approval and can be selected once the order form is printed.**
2. You can either have your own doctor perform the examination or have the examination performed at one of the 3M Eye Care Professional optician dispensing locations. These locations may be accessed through the website at:  
[https://srx.3m.com/login.asp?USER=ucrivside\\_emp&PWD=de34ddcd5503452f9567f4190c7e2812](https://srx.3m.com/login.asp?USER=ucrivside_emp&PWD=de34ddcd5503452f9567f4190c7e2812)
3. Please note that you will need to take the 3M Order/Authorization Form to one of the Eye Care Professionals on this list, since the eyewear may only be ordered at these locations. They will assist you with frame and lens selections. The order will be shipped directly to the location where the order was placed. They will contact you when the eyewear is ready. Please allow 2 weeks for delivery.
