Illegal Vendors

GETTING the WORD OUT

GETTING the WORD OUT
Help Us
Help Riverside County

Make the smart choice!

We are the County of Riverside, Department of Environmental Health and we are actively looking for outlets to help us promote our “Make the Smart Choice” campaign.

**OUR GOALS**
- Highlight the dangers of unpermitted roadside food vendors
- Show the public how to make an informed decision on where their food comes from
- Teach children how to find safe food and keep it safe
- Show how our department helps keep their food safe

We have a number of ways that we are getting the word out about “Making the Smart Choice!”

**Educational Materials:**
- **For Kids:**
  - Coloring Books.
  - Stickers.
  - Badges, and activity sheets

- **For Adults:**
  - Brochures and posters that highlight key campaign points

**Informational Booth:**
We can come to your site with a tabletop set-up that we will man to engage the public at your site. We will hand out materials, show pictures, and answer questions to promote the campaign.

Presentations:
We are also available for onsite presentations. We have presentations tailored to all age groups and will use the time to emphasize the importance of safe food and safe food choices in everyone’s daily lives.

**Food Safety Video:**
We have a 30 minute video that shows good food safety practices and the reasons behind what our department does to protect the public.

**We Can’t Do It Without You**
Please help us spread the word about “Make the Smart Choice!”
We can come to your next meeting or event or set up in your lobby.
If you have a space for us please contact us at (951) 358-5172.
