### When Do You Return To Campus?

<table>
<thead>
<tr>
<th>If you have been Exposed to Someone with COVID-19 (quarantine)</th>
<th>If you have a COVID-19 Positive Test Result (isolation)</th>
</tr>
</thead>
</table>
| **14 days** after the last known COVID-19 exposure to a COVID-19 case | **Symptomatic:**
| **Asymptomatic:**
| - At least 10 days have passed since COVID-19 symptoms first appeared, **AND**
| - At least 24 hours have passed since a fever of 100.4°F or higher has resolved without the use of fever-reducing medications, **AND**
| - Symptoms have improved* |
| *Loss of taste or smell may persist for weeks or months after recovery and need not delay the end of isolation |

Employees may be required to provide a release to return to work note from a licensed medical physician or Department of Public Health before returning to work.

A negative COVID-19 test shall **NOT** be required for a COVID-19 case to return. Return to campus must be coordinated with your department Human Resources Business Partner (HRBP).

### POSITIVE TESTS, EXPOSURE & SYMPTOMS

must also be reported to the COVID-19 Wellness Hotline (844) 827-6827 immediately to meet reporting requirements.

Reference: Cal/OSHA 8 CCR 3205, Symptoms and reporting SOP

### TRAVEL
