When Do You Return To Campus?

If you have been Exposed to Someone with COVID-19 (quarantine)

• **10 days** after the last known COVID-19 exposure to a COVID-19 case

<table>
<thead>
<tr>
<th>Symptomatic:</th>
<th>Asymptomatic:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• At least <strong>10 days</strong> have passed since COVID-19 symptoms first appeared, <strong>AND</strong></td>
<td></td>
</tr>
<tr>
<td>• At least <strong>24 hours</strong> have passed since a fever of 100.4°F or higher has resolved without the use of fever-reducing medications, <strong>AND</strong></td>
<td></td>
</tr>
<tr>
<td>• Symptoms have improved*</td>
<td></td>
</tr>
<tr>
<td>• A minimum of <strong>10 days</strong> after the specimen was collected for the first positive COVID-19 test</td>
<td></td>
</tr>
</tbody>
</table>

*Loss of taste or smell may persist for weeks or months after recovery and need not delay the end of isolation

Employees may be required to provide a release to return to work note from a licensed medical physician or Department of Public Health before returning to work.

A negative COVID-19 test shall **NOT** be required for a COVID-19 case to return

Return to campus must be coordinated with your department Human Resources Business Partner (HRBP).

POSITIVE TESTS, EXPOSURE & SYMPTOMS must also be reported to the COVID-19 Wellness Hotline (844) 827-6827 immediately to meet reporting requirements.
