How to get a Curative COVID-19 test on Campus

Schedule

your date & time at <https://curative.com>
Search for the on-campus location [UC Riverside Lot 26](#)

- This is a **drive through** location only
- Testing is **FREE**
- Insurance information is requested but *not required* to get a test
- For **same day testing**, complete [registration questions for same-day testing](#)
- Have your ID ready

Prepare for your test:

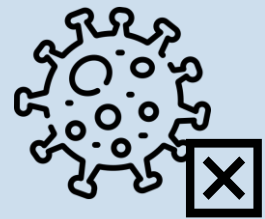

- 1) Arrive in a **vehicle with windows** for the drive through test center

Scan for Directions for Nasal Swab

Results

are typically available within **24-48 hours** & sent via email or text.

Testing in the event of an Outbreak in your location

- Employees will be **notified** by UCR Health or HRBP
- Testing is available **free of charge** to employees within the exposed group, during work hours
- Testing remains available until there are no new COVID-19 cases detected in the exposed group for a 14-day period
- After notification, testing is **immediately** available to all employees in the exposed group and again one week later.
- After first two tests, continuous tests once per week is available

Minor Outbreaks - 3 or more employee COVID-19 cases within an exposed group visited the workplace during their high-risk exposure period during a 14-day period

- **Free testing** available for all employees within the exposed group who worked on site during the period of the outbreak

Exceptions:

- Employees who were not present at the workplace during the relevant 14-day period
- Employees who are fully vaccinated and do not have COVID-19 symptoms
- For asymptomatic COVID-19 cases who returned to work according to "[When to return to campus](#)", or for 90 days after the initial onset of COVID-19 symptoms, or for COVID-19 cases who never developed symptoms, 90 days after the first positive test

Major Outbreaks - 20 or more employee COVID-19 cases within an exposed group visited the workplace during their high-risk exposure period during a 14-day period

- **Free testing** available for all employees in the exposed group, regardless of vaccination status, **twice a week** or more frequently if recommended by Department of Public Health
